

Dear Parent/Guardian:

Attached is a survey that we are asking all parents/guardians of kindergarten students to complete and return to their classroom teacher. This survey has been developed by the Early Childhood Action Team of Launch Manistee with assistance from your school. We are trying to determine the need and availability of high quality preschool programs.

Your feedback is extremely important to us as you take part in shaping the future of Early Childhood Education in Manistee County.

Thank you!
